**Attachments:** snyder.bristolbay@gmail.com

Good Morning Palmer,

I wanted to send a note to follow up on our meeting for next week. Below is a list of names who will be attending and who will also be calling in to the call. On Friday, I will follow with a finalized agenda and a copy of the powerpoint. We'll be keeping the presentation short, which I will give, using that as a means to set the stage for a substantive conversation on review of the Pebble Environmental Baseline Documents and the Watershed Assessment. Those on the phone will engage during the conversation portion of the meeting.

Attending:

Shoren Brown (Trout Unlimited)  
Peter Van Tuyn (Legal Counsel for Bristol Bay Native Corporation)  
Sam Snyder (Alaska Conservation Foundation)  
Wayne Nastri (Consultant to TU and BBNC)  
Kendra Zamzow (Center for Science and Public Participation)

Calling In:

Ann Maest (Stratus Consulting)  
Cameron Wobus (Stratus Consulting)  
David Chambers (Center for Science and Public Participation)  
Bretwood Higman (Center for Science and Public Participation/GroundTruth Trekking)  
Carol Ann Woody (Fisheries Research and Consulting)  
Sarah O'Neal (Fisheries Research and Consulting)

Please let me know if you need anything else from me, otherwise I will follow up in two days, at the latest, with the agenda and the presentation (for loading into your system).

Thank you, again, for the opportunity to present and discuss our work with you next week.

Best,  
Sam
